Ladies, do not delay your valuable time by waiting and suffering, but se-cure a bottle of Dullam's Great Ger-man Female Uterine Tonic and be cured of your monthly trouble either in old or young. It is the very best preparation I ever prescribed in my ex-tensive practice. It has given the best results in the greatest number of cases of female troubles of any medicine that I ever used. I do not make a practice of using or recommending patent medicines, but this remedy is prepared by a very competent physician and chemist of my acquaintance and I can cheerfully and conscience ously recommend it as the best.

A little boy of Mrs. McDonald's, living near here, fell against a red hot stove and was fearfully burned. The pain was terrible, and it was thought the burn was so severe as to scar the child for life. I sold the lady a bottle of Chamberlain's Pain Baim, which, after greasing the sore, she applied. Special Good News to the Voter

We offer a Beautiful Bound, Handsomely Printed, Elegantly Illustrated, Copy of "The Life of Ben. Harrison, by the Author of Ben Hur" Absolutely free.

EAD AND DO

The voter cannot cast an intelligent Ballot unless he can appreciate the intricate manipulations of the wheels of government and become conversant to some extent at least with the fundamental facts and theories controlling the various great governmental departments, and he cannot hope to know the character of the chief executive unless he reads an Accurate and Impartial Biography, written and compiled by a Master Litterateur, equal to the difficult task.

Gen. Benjamin Harrison is a candidate for re-election. The Nation demands that the hero who led its armies in the Field, and who for four years has wisely and nobly steered the ship of state shall continue to hold the helm and guide our Nation through the perils of the future as ably as he has through those of the past. He who during the administration has saved the country from a series of threatening dangers, has brought Italy and Chile to the feet of our Republican throne, and made even England yield to American demands in the Behring Sea difficulty, is the man for the people of these United States. Gen. Lew Wallace, who is known throughout the

United States as one of the most intimate personal friends of President Harrison, and as having had a great deal to do with his re-nomination, has written a biography of the President, which reads like a veritable Romace, yet is Accurate History. The book has been officially authorized and con-

tributed to by the heads of the government in Articles regarding the workings of the Republican policy and the Present administration. These distinguished contributors include Hon. William E. Curtis, Hon. John Wanamaker, Hon. Jeremiah Rusk, Secretary Foster and Hon. Eugene Hale. Their topics include commercial Reciprocity, Postal Service, Progress of the Public Domain, Etc. When General Harrison was asked his choice of a

biographer he promptly replied, "My life-long friend,

General Wallace." His chief advisors, interpreting the

President's desire, have officially supplied the volume

with most valuable contributions.
